## New visits and conferences offered by the tourist office of Versailles

Summer is coming and it is surely the moment to enjoy the good weather and the good mood of the city with brand new activities. We are happy to present you these two new visits in English offered by the tourist office of Versailles.

- ✓ **Visit « Street art in Versailles »**: it takes place **every Saturdays** afternoon and will make you discover one of the secret sides of Versailles. Trompe-l'œil paintings are numerous and you will also be able to observe the works of art of Invader, a French urban artist inspired by video game characters, as well as the artworks of Le Cyklop who paints on street furniture. With this visit you will have the chance to learn more about modern art and to hear some great stories about the most beautiful streets of the city.

New visit

- ✓ **Tasting Tour in Versailles + skip-the-line Palace ticket with audio guide**: **every Friday during June and July**, feel free to participate to a food tour in the colorful and lively market of Versailles (one of the most beautiful of the region). Your guide will teach you some tips about the gastronomy at the time of Louis XIV and you will be able to taste some delicious specialties such as cheese or macaroons.
